WHEN CAN I GET A BOOSTER SHOT?
If you got your regular COVID-19 shot from:
- Pfizer or Moderna: you can get a booster shot 6 months after your second shot.
- Johnson & Johnson: you can get a booster shot 2 months later.

WHAT BOOSTER SHOT DO I GET?
You can choose any of the three booster shots. They all work well. The three companies that make the regular COVID-19 shots also make the booster shots.
